We've had all sorts of spooky fun
But now it's done - boo hoo!!
And while we're sad it's over now
We're so excited too!

The Holidays are here at last!
And there's so much good cheer
And plans to make for what to do
If you're not staying here

If you've got family far away
By land or air or sea
Make sure you don't forget about
Your feline family!

We may not all be joining you
As you journey all those miles
But that doesn't mean your cat can't spend
The holidays in style!

Right here on Magazine street
There's a place that's all our own
Where cats can rest and play and feast
And never feel alone

Our boarding space is peaceful
And designed with cats in mind
No dogs to bark or bother us
So kick back and unwind

There's gentle music here as well
And even a waterfall!
And expert staff to care for every kitty
Big or small

We offer cats that stay with us
A space that's nice and quiet
And carry medicated foods
For cats on special diets

Amenities this purrfect
Means we fill up very fast!
Give us a call to book your stay
Don't save this task for last!

If you're a traveller don't fret
No matter how far you roam
Your kitty is like family here
In our home away from home!

Hi folks! This is Raptor reporting live from 1809 Magazine, and whew! - what an exciting Halloween it's been! Costume parties, parades, haunted houses and all the spooky scary good times have left me longing for the rest and relaxation of the coming Holiday season! For my human coworkers here at the Cat Practice the Holidays are a time to get down to business and work extra hard to make sure us kitties get the best care and affection while our humans are far away visiting their (much less cute or fluffy!!) human family and friends. Our boarding facility really is the best around, so call and reserve a spot for your kitty ASAP - and rest easy knowing we're safe and sound while you're away!

Over and out, and Happy Holidays!
