

6.14.19

Did you know Hill's has Seminars
Each and every year?
It's true, and all the latest
Cat food research is shown here!

This week our awesome nurse Ashley
Flew out to Hill's herself
To learn about the science
Behind foods up on our shelf

It's quite the honor to attend
This seminar you know
And Doc picked Ashley as our
Representative to go!

So when you see her in our clinic
Give her a high-five!
She's brought back so much great info
To improve kitty lives!

Howdy folks! This is Raptor reporting live from 1809 Magazine to congratulate Nurse Ashley on her first ever flight! This week, Ashley attended the Hill's nutrition seminar to learn all about the science behind their proven feline diets - those are all the prescription foods you know and love here at the Cat Practice! Hill's takes kitty nutrition very seriously, and every year they invite a small handful of Veterinary practices to join them in Kansas at their research facility! We're so proud of Ashley for representing us at this special event, and can't wait to use the knowledge she brings back to continue providing expert nutritional care for your feline family!

Over and out,
Raptor 🐾
