This week we're saying Thank You
To Doc's right-hand woman - Wow!
She's been with us for 6 great years
Onto her 7th now!

She leads our nurses upstairs
And helps Doc with his exams
She does it all with excellence
And gentle, caring hands

You may see her at the front desk
Or hear her on the phone
Because this nurse finds ways
To do so many jobs in one!

We just can't think of anything
Our Tabitha can't do
She's always on her A-game
And keeps us all on track too!

So if you see her sometime soon
When you're here with your cat
Just know that Tabitha's the best
And we're so proud of that!

Howdy folks! This is Raptor reporting live from 1809 Magazine to tell you about our very own superhero: Nurse Tabitha! Our amazing Head Nurse and Hospital Manager is always there to lend a helping hand, whether she's upstairs assisting Doc with his procedures or downstairs taking patient information in exam rooms. We're so grateful for all the expert care she provides for our kitty patients, and the endless ways she keeps the hospital running smoothly and efficiently! Let's all give Tabitha a huge Thank You for being such a wonderful part of our Cat Practice family!

Over and out,

Raptor 🐾🐾
