It's time you met another one  
Of our great teammates here  
He's young it's true - but don't be fooled  
He's wise beyond his years

Hard working, smart and funny too  
He really helps us out  
That's why I'm here to tell you folks  
What Jacob's all about!

He works with us on summer break  
When he's away from school  
To watch and learn vet medicine  
That he might someday do!

So if you see him say hello  
To our super intern  
We're so glad that he's here to help  
And learn all he can learn!

Howdy folks, this is Raptor reporting live from 1809 Magazine with another #meettheteam highlight. Jacob is our summer intern here at the Cat Practice, and when he's not busy studying at school he's here learning from Doc and his staff, assisting with lab work upstairs and making sure our kitty guests in boarding are comfy and clean! We hope Jacob chooses vet school once he graduates from LSU - future felines of the world would be lucky to have him as their doctor one day!

Over and out,
