School Picture Day is coming soon
We've got to look our best
Our ears are clean, our fur's been preened
Our uniforms are pressed

But there's one thing a cat can do
To go the extra mile
To make your photograph stand out
You need a standout smile!

Those pearly whites are your best bet
For photo shoot success
A gleaming grin is sure to win
The Picture Day contest!

So come on in and see us
And we'll clean those teeth just right
So you can slay on Picture Day
With teeth that shine so bright!

Howdy folks! This is Raptor reporting live from 1809 Magazine to tell you about every kitty scholar's secret weapon on Picture Day: a fresh clean smile! A dental cleaning is the perfect way to keep your kitty's smile photo-ready, and it's important for their health too! Doc can prevent, diagnose, and treat a whole host of dental health issues with this procedure, including periodontal disease! Call us up to schedule an appointment, and make sure your cat has the best photo of the bunch during this #backtoschool season!

Over and out,
