

8.23.19

Us cats don't leave the house for school,
Instead we work from home
On Algebra, Biology,
The History of Rome

But while we're busy working hard
To ace the next big test
Our active minds can mean we find
Ourselves anxious or stressed!

That's why it's best to balance out
Our studying with play
This way we build athletic skills
And feel great through the day!

With toys and puzzles you can give
Your cat all sorts of fun
To keep us healthy, fit, and smart
Until our homework's done!

Howdy folks! Raptor here reporting live from 1809 Magazine with a whole bunch of great toys, treats, puzzle feeders and more to keep your home-school kitty student entertained and stress-free from morning til bedtime! Come check them out in the front room of our hospital, and help your favorite feline student get set for success!

Over and out,
Raptor 🐾🐾
