

8.30.19

If there's one thing you've got to plan
Before we're back to school
A Doctor visit and vaccines
Is just the thing to do!

To make sure that we're healthy
And protected for the year
So we can focus on our work
And live life without fear

A doctor's visit will make sure
We're healthy, fit and clean
From parasites or viruses
And all things in between!

So if your kitty wants to be
A healthy happy scholar,
Come have them seen for their vaccines
And just give Doc a holler!

Howdy folks! This is Raptor reporting live from 1809 Magazine with our last back to school post of the season! You wouldn't send your human kiddos back to school without their annual physical and vaccines, and your kitty children are no different! Call us up or email contact@catpractice.com to schedule an appointment, and make sure you're protecting all your family members from illness for another awesome school year!

Over and out,
Raptor 🐾🐾
