

8.9.19

It's that time of the year again
When kids go back to school
And like our furless siblings
Kitty cats have lots to do!

With backpacks stuffed we're setting out
To learn all that we need
We've got the heart - let's get the smarts
To go forth and succeed!

We might get groomed for picture day
Or get our teeth all clean
And every student (cat or not)
Needs annual vaccines!

So call us up or email
And get set for a great year
With all things back to school for cats,
The Cat Practice is here!

Howdy folks! Us kitties are hard at work preparing for a new year of learning and fun! I'm personally really excited for my Napping 100 class, and even my harder courses like Indoor Bird Watching and Advanced Indoor Climbing will be super interesting! Make sure your kitties have their yearly checkups, vaccines, parasite prevention, medications, and toys all ready to go before the new school year starts - call us up or book an appointment online, and we'll make sure you've got what you need for your most studious family members! 🐱🐱🐱

Over and out,
Raptor 🐾
